

Project Title	Contact PI / Project Leader	Organization Name	Location
Doctoral Training/Health Services Research on Alcohol-Related Problems	Constance M. Horgan	Brandeis University	Waltham, MA
Alcohol Intervention Treatment Outcome Research Training	Peter M. Monti	Brown University	Providence, RI
Training Grant on Genetic Aspects of Alcoholism	Cristine L. Czachowski	Indiana University - Purdue University at Indianapolis	Indianapolis, IN
Training in Neuroimmunoendocrine Effects of Alcohol	Elizabeth J. Kovacs	Loyola University Chicago	Maywood, IL
Biomedical Alcohol Research Training Program	Gregory John Bagby	LSU Health Sciences Center	New Orleans, LA
Training in Alcohol Research	John J. Woodward	Medical University of South Carolina	Charleston, SC
Biological Bases of Alcoholism	Tamara J. Phillips	Oregon Health And Science University	Portland, OR
Alcohol Research in the Science/Practitioner Model	Edward P. Riley	San Diego State University	San Diego, CA
Neuropsychopharmacology - Multidisciplinary Training	George F. Koob	Scripps Research Institute	La Jolla, CA
Research Training on Alcohol Etiology and Treatment	Kenneth E. Leonard	State University of New York At Buffalo	Buffalo, NY
Alcoholic Tissue Injury	Joannes B. Hoek	Thomas Jefferson University	Philadelphia, PA
Molecular and Cellular Alcohol Research Training	Fulton T. Crews	University of North Carolina Chapel Hill	Chapel Hill, NC
Prevention Science Research Training Program	Genevieve Marie Ames	University of California Berkeley	Berkeley, CA
Graduate Research Training on Alcohol Problems	Lee A. Kaskutas	University of California Berkeley	Berkeley, CA
Behavioral Pharmacogenetics of Drug and Alcohol Abuse	Paula Hoffman	University of Colorado Denver	Aurora, CO
Post-Doctoral Training Program in Alcohol Studies	Lance O. Bauer	University of Connecticut School of Medicine	Farmington, CT
Multidisciplinary Alcoholism Research Training Program	Kirk J. Brower	University of Michigan	Ann Arbor, MI
Psychology of Alcohol Use and Dependence Training	Kenneth James Sher	University of Missouri - Columbia	Columbia, MO
Alcohol Research Training: Methods & Mechanisms	Barbara S. McCrady	University of New Mexico	Albuquerque, NM
Alcohol Research Training in Neurosciences	C. Fernando Valenzuela	University of New Mexico Health Sciences Center	Albuquerque, NM
Interdisciplinary Alcohol Research Training Program	Marie D. Cornelius	University of Pittsburgh At Pittsburgh	Pittsburgh, PA
Neurochemical & Behavioral Correlates of Etoh Effects	Rueben A. Gonzales	University of Texas, Austin	Austin, TX
Psychology Training Alcohol Research	Mary E. Larimer	University of Washington	Seattle, WA
Multidisciplinary Training in the Biology of Addiction	Brian A. McCool	Wake Forest University Health Sciences	Winston-Salem, NC
Biomedical Training in Alcoholism Research	Andrew C. Heath	Washington University	Saint Louis, MO
Translational Neuroscience Research in Alcoholism (TNRA-TP)	Ismene L. Petrakis	Yale University	New Haven, CT
